Однажды один из членов клуба
предложил сделать из дерева
макет японской деревни. Каждый
член клуба должен был привезти
один кирпич и один кусок дерева.
Все члены клуба выполнили
запрос, но в один из дней
на макете произошло несчастье —
один из кирпичей упал на голову
одному из членов клуба. Тот
член клуба умер, а остальные
члены клуба, чтобы не огорчать
его родственников, скрыли смерть
члена клуба от остальных членов.

Однажды в Доме синих окон появился
коричневый скотч из Китая.

Мы не зная кто он, высыпали ему
капельку горячего чая.

После этого скотч начал говорить.
Он сказал:

«Я скотч из Китая. Меня
зовут Чжан Чжунь. Я скотч из Китая.
У меня есть брат, он тоже скотч.
Он живет в Доме синих окон.
Мы скотчи, мы скотчи, мы скотчи...»
